

K-LOVE radio serves me by providing local information that I need to hear, along with the emergency broadcasting service and by fulfilling my need for good Christian music. The station provides positive uplifting music 24/7 which you will never hear on any other type of radio station. K-LOVE has become a part of my way of life, and is used to relieve stress of every day life.

If K-LOVE is to be displaced by an LPFM broadcaster providing other programming, our community will greatly suffer the loss of such an uplifting tool that anyone can choose to listen to at present time. There will be people who may change their way of life in a negative way without the positive nature of programming that K-LOVE provides.

I believe that the service provided by K-LOVE is in the public's best interest as it provides an alternative to what other radio stations offer. It is very rare to find such a positive station that helps guide people in a direction that is both Positive and Uplifting rather than hearing a lot of negativity that is often found on nearly every other radio station on the dial.

Thank you for reviewing my concerns and comments, and please take the time needed to evaluate this situation very carefully.

Very Truly,

Charles L. Roberson
